- Does your dog love to jump?
- Is your dog a bit ball crazy?
- Need to find an outlet for all that energy?
- Looking for something exciting to do with your dog?

If you answer yes to just one of these questions, flyball may be for you. Milwaukee Dogs “Great Balls of Fur” will be hosting a Flyball Open House on Tuesday January 19th beginning at 7 p.m. at our indoor training facility (25th & St. Paul). All members, non-members and their dogs are welcome. Come on down with or without your dog and see flyball demonstrations, meet the team and get your questions answered. A beginning flyball class will be starting in February so this is your chance to find out what it is all about before joining our new class. Pre-registration is appreciated but not required. Beginning Flyball Class

February 2010 – Tuesday Nights
Try-Outs Tuesday January 26th 8:00 p.m.

Milwaukee Dog Training Club’s (MDTC) next beginning flyball class will begin this February. The exact schedule for this one-hour class is yet to be determined. Most dogs will be ready to advance to the intermediate level after about 3 months in this class. The beginner class is limited to 10 dogs. Flyball is a sport for all dogs as any breed including mixes are welcome. Size simply doesn’t matter...although small fast dogs (height dogs!) are highly desired.

MDTC’s requirements to include a dog in a beginner flyball class are as follows:

1. Dogs must be 10 months of age or older
2. Basic obedience (sit, stay, down, come).
3. Dog must be comfortable being handled by persons other than their handler.
4. Non-aggressive personality – flyball is a highly exciting & competitive sport. Dogs with aggression issues should not sign up for this class.
5. Strong toy (preferred) or food drive is highly desired.

Dogs will be tested during a try-out session on Tuesday January 26th at 8:00 p.m. before being officially enrolled.

All classes will be held indoors on Tuesday evenings at our indoor club training facility in Milwaukee at 333 N. 25th Street, which is on the corner of 25th and St. Paul Ave.
